

## Twist the Cross

## Severe Torture

Once more you'll burn  
Enslaved to the fire  
Remaining in ashes  
All what is left of you

Burn, son of god;  
Which you are not  
Suffer the pain  
In blood you will reign

Angels broken, god unspoken  
christ suffering, Lucifer's Realm

Hiding the truth of what's inside  
Never free, must commit suicide

Hunt him, let him feel  
Burning pain he has revealed  
Into the fire a sense of demise  
Twist the cross, let him choke in his lies

Twist the cross, let him choke in his lies
