Twist the Cross

Severe Torture

Once more you'll burn Enslaved to the fire Remaining in ashes All what is left of you

Burn, son of god; Which you are not Suffer the pain In blood you will reign

Angels broken, god unspoken christ suffering, Lucifer's Realm

Hiding the truth of what's inside Never free, must commit suicide

Hunt him, let him feel Burning pain he has revealed Into the fire a sense of demise Twist the cross, let him choke in his lies

Twist the cross, let him choke in his lies
