

## Vomiting Christ

### Severe Torture

With the smell of rotting flesh  
I walk the path of torture  
As the creator of sin and lust  
These slaves of god I slaughter  
I remember their mistakes  
A mental strangulation  
Whores of christ and god  
You will be forgotten

I'll kill you one by one  
Disbelief grows  
christ infected brains  
Start to decompose

Vomiting christ, I'm feasting on your blood  
Vomiting christ, left by your own to rot  
Vomiting christ, I'll shit on your remains  
Vomiting christ, you were never there

As I decapitate your carcass  
Your wings are bleeding guild  
How does it feel to die  
You slave of jesus christ

I'll kill you one by one  
Disbelief grows  
christ infected brains  
Start to decompose

Vomiting christ, I'll tear your soul apart  
Vomiting christ, The destruction of your kingdom  
Vomiting christ, Cry and bleed for me  
Vomiting christ, Vomiting christ...
