Vomiting Christ

Severe Torture

With the smell of rotting flesh I walk the path of torture As the creator of sin and lust These slaves of god I slaughter I remember their mistakes A mental strangulation Whores of christ and god You will be forgotten

I'll kill you one by one Disbelief grows christ infected brains Start to decompose

Vomiting christ, I'm feasting on your blood Vomiting christ, left by your own to rot Vomiting christ, I'll shit on your remains Vomiting christ, you were never there

As I decapitate your carcass Your wings are bleeding guild How does it feel to die You slave of jesus christ

I'll kill you one by one Disbelief grows christ infected brains Start to decompose

Vomiting christ, I'll tear your soul apart Vomiting christ, The destruction of your kingdom Vomiting christ, Cry and bleed for me Vomiting christ, Vomiting christ...
