

Everything In Me

Sevyn Streeter

This is captain-

Perfect, picture one so picture perfect
As your lies disguised as loving arms
The future looked so bright, but it was blinding
Oh, why couldn't see the man behind the charm?

Then we closed the doors and the lights came on
And I saw the real you
No, I don't like him
Don't like how it feels
I want a new you

It's taking everything in me
Not to hurt you like you hurt me
Cause I wanna get you back, but I gotta keep moving
Boy, I swear you don't know
It's taking everything in me

Searching, searching, still can't find an answer
Cause all this wasn't part of the plan
So now it [?]
Oh, where do we go from here?

Cause behind closed doors, when the lights are on
You become the real you
No, I don't like him
Don't like how it feels
I want a new you

It's taking everything in me
Not to hurt you like you hurt me
Cause I wanna get you back, but I gotta keep moving
Boy, I swear you don't know
It's taking everything in me

Sometimes people hurt you
That just means they don't deserve you
And you want to do the same to hurt them back
But this one's for you know who
You're the one who looks like a fool
And there's no greater revenge better than that

But it's still taking everything in me
Not to hurt you like you hurt me
And I just wanna get you back I gotta keep moving
Swear you just don't know
It's taking everything in me

Everything in me
Everything in me
Everything
Everything in me
Everything
Not to do to you
What you did to me
