

# How Bad Do You Want It (Oh Yeah)

Sevyn Streeter

Oh yeah  
Oh yeah  
Oh yeah

Oh yeah  
Oh yeah  
Oh yeah

Oh yeah  
Oh yeah  
Oh yeah

World goes round, life I chose  
What comes next I never really know  
A million miles left to go  
Them guns go pow, but I'm ready for the war

'Cause I'll never run away  
From who knocking at my door  
I never paid attention to whoever tell me no  
I'll take your crown, take your town  
Better stay ready, better stay ready

If the sky start falling now  
And the world stop turnin round  
Oh yeah, did you give your everything?  
You better give your everything!

'Cause if you want to ride with me  
Oh yeah, make me come alive baby  
Oh yeah, so if you want to ride with me  
Oh yeah, if you want to ride with me

Show me how bad do you want it  
How bad do you want it  
Oh yeah  
Oh yeah  
Oh yeah  
How bad do you

Coming for it all, going for the gold  
Hot behind the wheel, I'll never lose control  
Sun go down, night unfold  
Run free and wild, do anything I want

'Cause I'll never run away  
From who knocking at my door  
I never paid attention to whoever tell me no  
I'll take your crown, take your town  
Better stay ready, better stay ready

If the sky start falling now  
And the world stop turnin round  
Oh yeah, did you give your everything?  
You better give your everything!

'Cause if you want to ride with me

Oh yeah, make me come alive baby  
Oh yeah, so if you want to ride with me  
Oh yeah, if you want to ride with me

Show me how bad do you want it  
How bad do you want it  
Oh yeah  
Oh yeah  
Oh yeah  
How bad do you

Better show me now  
Before your time run out  
Better show me  
Before your time run out

Show me how bad do you want it  
How bad do you want it  
Oh yeah  
Oh yeah  
Oh yeah  
Show me how bad do you want it
