

# Just Being Honest

Sevyn Streeter

We used to be laid up, posted  
On the same page on our blow shot  
Never had to try, we was close then  
Now I look at you, I don't even notice  
First I was off it, on it  
Couldn't make it out what you wanted  
You was out hittin' on your old shit  
Man fucked outta here, yeah I noticed

Now I'm just sitting here laughin'  
Watching you lying and beggin'  
Now I'm just sitting here laughin'  
How we used to be laid up, posted  
On the same page, on the floor shit, yeah

Now you all alone, ain't this about a bitch  
When I stop chasing you and now you wanna chase me  
When I stop loving you and now you wanna love me  
When I stop caring 'bout me, now you wanna care  
Care about you, care about you  
Ain't this about a bitch  
I'm just being honest, I'm just being honest  
I'm just being honest, I'm just being  
I'm just being honest, I'm just being honest  
I'm just being honest, I'm just being

Laid up, new boo, this right here don't concern you  
Smiling like I'm supposed to  
I bet you think it's about you  
But the truth is, he is the fuckin' king, he's the realest  
Dwelling all in my fortress, no

Now I'm just sitting here laughin'  
Watching you lying and beggin'  
Now I'm just sitting here laughin'  
How we used to be laid up, posted  
On the same page, on the floor shit, yeah  
Now you all alone, ain't this about a bitch  
When I stop chasing you and now you wanna chase me  
When I stop loving you and now you wanna love me  
When I stop caring 'bout me, now you wanna care  
Care about you, care about you  
What goes around comes all the way back around

Ain't this about a bitch  
I'm just being honest, I'm just being honest  
I'm just being honest, I'm just being  
(What goes up comes down)  
I'm just being honest, I'm just being honest  
I'm just being honest, I'm just being  
(It comes right back to you)  
I'm just being honest, I'm just being honest  
I'm just being honest, I'm just being  
(Careful what you do)  
I'm just being honest, I'm just being honest  
I'm just being honest, I'm just being

Ain't about a bitch  
Ain't about a bitch  
Ain't this about a bitch

When I was chasing you and now you wanna chase me  
When I was loving you and now you wanna love me  
When I was caring 'bout me, now you wanna care  
Now you wanna care

Ain't this about a bitch  
I'm just being honest, I'm just being honest  
I'm just being honest, I'm just being  
(Make you look like a bitch)  
I'm just being honest, I'm just being honest  
I'm just being honest, I'm just being  
(Tears falling down your face)  
I'm just being honest, I'm just being honest  
I'm just being honest, I'm just being  
(It feels so good to see you like that)  
I'm just being honest, I'm just being honest  
I'm just being honest, I'm just being

I always knew you would, I always knew you would  
Always knew this day would come  
Bet you ain't know this day would come
