

Boss And Beauty

Sex Gang Children

I'm all the shimmering light and sin
Dragon feet in the canine heat
Sticks and stones will break my bones
A rain cold window see the light of day
That cold fingers feel a special way

Sticks and stones will break my bones
So I'm sailing on the outside stealing my high
I walk a miracle mile with a Rhine stone smile

Shame, shame, shame, shame, shame
Remember my name cold shame

I'm retribution don't you recognize me?

With leather hair down to ricochet red

Sticks and stones will break my bones

So I'm sailing on the outside stealing my high

Shame, shame, shame, shame, shame.
Remember my name cold shame
Shame, shame, shame, shame, shame

Hard and looty, Boss & Beauty.
Shame, shame, shame, shame, shame

Sticks and stones will break my bones
So I'm sailing on the outside stealing my high
I walk a miracle mile with a Rhine stone smile

Shame, shame, shame, shame, shame

Remember my name cold shame

Shame, shame, shame, shame, shame

Hard and looty, Boss & Beauty

Shame, shame, shame, shame, shame
