

No Feelings

Sex Pistols

1. I've seen you in the mirror when the story began
Yea I fell in love with you I love your mortal sin
Your brainss are locked away but I love your company
I only ever leave you when you've got no money
I got no emotions for anybody else
You better understand I'm in love with myself
Myself my beautiful self

R: No feeling no feeling no feeling for anybody else

2. Hello and goodbye and a run-around Sue
You follow me around like a pretty pot of glue
I kick you in the head you've got nothing to say
Get outta the way 'cause I gotta get away
You never realize I take the piss out of you
You come out to see me and I beat you black and blue
Okay I send you away

R: No feeling...

3. There ain't no moonlight after midnight
I see you silly people out looking for delight
Well I'm so happy I'm feeling so fine
I'm watching all the rubbish you wasting my time
I look around your house you've got nothing to steal
I kick you in the brains when you get down and kneel
To pray You pray to your god

R: No feeling...

Your daddy's gone away be back another day see his picture hanging on
your wall
