

# In the Summertime

Shaggy

It's a summertime affair  
Shaggy ha  
Rayvon  
Sun and fun in the  
Atmosphere, oh yes  
In the summertime when  
The weather is high  
You can stretch right up  
And touch the sky  
When the weather is fine  
You've got women  
You've got women  
On your mind  
I'm gonna drive and ride and  
See now what I can find

Now if her daddy's rich  
Take her out for a meal  
And if her daddy's poor  
Then do as you feel  
Speedin down the lane even  
Though the speed limit's 25  
And when the sun goes down  
I'll make it with my cutie pie

Weh me say  
Pretty little women  
Sexy as can be  
Sweet as a honey  
Sting like bumble bee  
Shaggy say  
Pretty little women  
Sexy as can be  
Sweet as honey  
Sting like bumble bee

It's a summertime affair  
In the atmosphere  
I man love off her attire  
And the clothes she wear  
Some burn off them with tyre  
And a draw down a gear  
Some a shine up wax up  
Not a sign of snare  
Got to be rolling in my  
Christas so the girl them stare  
This is Shaggy and Rayvon  
As your ultimate pair  
Taking care of our career  
So tell the world beware  
'Cause it's a brand new  
Selection for your musical ear

We say what we want and  
We say what we need  
And we love everybody  
And we do as we please

And when the weather is fine,  
We go fishin' we  
Go fishin' in the sea  
We are happy to live life  
That's our philosophy

Now if her daddy's rich  
Take her out for a meal  
And if her daddy's poor  
Then do as you feel  
Speedin down the lane even  
Thought the speed limit's 25  
And when the sun goes down  
I'll make it with my cutie pie

Sweat a run off her body  
With her caramel skin  
I man smiled at her she  
Looked at me and grinned  
I offered her a drink she said  
Juice and Gin  
And I whispered in her ear  
I asked how you doin  
Where was it that I reside  
And I told her Brooklyn  
Atmosphere filled with romance  
Her eyes sparkling  
Just her voice and what  
She said let my poor head spin  
Raggamuffin Shaggy  
With a musical swing

I say  
Pretty little woman  
Sexy as can be  
Sweet as a honey  
Sting like bumble bee  
In the summertime  
When the weather is high  
You can stretch right up  
And touch the sky
