Me waan fi leave you long time Yuh know enuff a man search fi your sign She say she love me till the end of time But that a not really have pon me mind

What's love gotta do with it Gotta do with it, gotta do with it What's love gotta do with it Gotta do with it, gotta do with it What's love

That's it, can't take no more I'm leavin', got one foot through the door (But I love you) I had my doubts before I thought it through, now I'm gone for sure (But I love you)

Can't let you tie me down I wanna have fun and mess around (But I love you) I gotta stand my ground Though you're the best thing I found

What's love gotta do with it Gotta do with it, gotta do with it What's love gotta do with it Gotta do with it, gotta do with it What's love

I hope for goodness sake That you would just cheat, make some mistake (But I love you) So perfect, wouldn't break You gave me no reason to escape (But I love)

Won't hide, I got skirts to chase Don't wanna be thrownin' it in your face (But I love) I pray for God some days We fight and go our separate ways

What's love gotta do with it Gotta do with it, gotta do with it What's love gotta do with it Gotta do with it, gotta do with it What's love

Shaggy
