

# Ain't Got Time For Love

Shai

I ain't got time for love  
Ain't got time for pride  
Ain't got time to show what I will do  
But what it is you mean to me  
Yes finally, just wait and see  
I'll still adore you

I can't lie  
About the way I feel  
You got me so into you  
I ain't got time no  
To show you that my love's for real  
Girl we've played these games too long

For love's gone  
Can't blame no one  
The rain comes falling  
There'll come a time  
You'll see sunshine  
And love comes calling  
A light inside will guide you

I ain't got time for love  
Ain't got time for pride  
Ain't got time to show what I will do  
But what it is you mean to me  
Yes finally, just wait and see  
I'll still adore you

The mood is set  
Now the lights are low  
And I'm lovin you  
But more than love  
When the nights are cold  
It's the things you do

For love's gone  
Can't blame no one  
The rain comes falling  
There'll come a time  
You'll see sunshine  
And love comes calling  
A light inside will shine on you

I ain't got time for love  
Ain't got time for pride  
Ain't got time to show what I will do  
But what it is you mean to me  
Yes finally, just wait and see  
I'll still adore you
