

# Baby I'm Yours

Shai

Understand girl that my heart is in your hands  
And I'm cautious of falling in love again  
So please don't hurt me, I'm scared  
Don't desert me, I'm afraid  
Of being a fool again

So baby I'm yours, if you want me  
And if you want my sweet love  
Baby I'm yours, if you need me  
Loving you forever, if you want me, give me your love  
Baby I'm yours, if you need me

Realize girl that my faith is kind of torn  
Watch your step girl, because my heart is weak and worn  
So won't you please be careful, I'm fragile  
I can't imagine the damage I have to handle  
If you hurt me one more time, please be mine

Baby I'm yours, if you want me  
And if you want my sweet love  
Baby I'm yours, if you need me  
Loving you forever, if you want me, give me your love  
Baby I'm yours, if you need me, oh baby

Baby, I've been through a whole lot of relationships  
Whole lot of broken promises  
But now I'm ready for a real one sweet heart  
Yes, I am

You don't have to worry baby  
Don't you every go no way

Baby I'm, baby baby I'm yours  
Baby I'm, baby baby I'm yours  
Baby I'm, baby baby I'm yours  
Baby I'm, baby baby I'm yours

Baby I'm, baby baby I'm yours  
Baby I'm, baby baby I'm yours  
Baby I'm, baby baby I'm yours  
Baby I'm, baby baby I'm yours

Baby I'm yours, if you want me  
And baby I'm yours, if you need me  
Loving you forever, if you want me  
Baby I'm yours, if you need me
