

Back In The Days

Shai

(2x)

Back in the days when we were together
Back in the times when now was forever
We fell in love and it was alright
And then it ends

Can we try it once again

Memories of yesterday
Can you remember how we used to play
Romancing by candle lights
I would gaze in her eyes
Wondered why, where you been all my life
Trusting in the power of
Our feelings that we shared above
So much that I led my ways
I never thought I'd see the day
When we weren't seeing nobody else

(2x)

Back in the days when we were together
Back in the times when now was forever
We fell in love and it was alright
And then it ends

Can we try it once again

I want you
Do you still want me too
Anything from me
I used to love you
In a special way
My feelings haven't gone away
From where you are
I'm ready to love you
Again and again
Be my lover, sugar lovely girlfriend
Like

(2x)

Back in the days when we were together
Back in the times when now was forever
We fell in love and it was alright
And then it ends

Can we try it once again

Can we try again

Cause honey I need you by my side
I need you by my side
O baby girl
