

Fools Rush In

Shai

Take my hand
Follow me to ecstasy
If it's too hard then let me know
How to make you relax
I'll take it real slow
And if I fell
Pick me up and show me the way
Sit me down and talk to me like
You envision us right
I'm willing to grow

Let it flow, let it flow, let it flow
I wanna kiss you ever right
Let me know, let me know, let me know
When it's time to say good night
It's the fools that rush into love
Let it go
We oughta know
I wanna fall into love
So natural, so beautiful

Girl don't you feel like, something is going on
You and me, how close we've grown
Together, there's nothing else I can do but think of you
Cause you're the one I call on
When I need you to be there, I can count on you
Girl I want you to know I feel it too
I never met someone, who makes me feel so good inside
I've never been loved before
And wish it should never die

Let it flow, let it flow, let it flow
I wanna kiss you ever right
Let me know, let me know, let me know
When it's time to say good night
It's the fools that rush into love
Let it go
We oughta know
I wanna fall into love
So natural, so beautiful

If you come with me I swear I'll lead the way
I promise I won't let you down
To kill you for eternity
I'll be a fool to run from what we built
Devotion's what we've learned to understand
It's best for me and you
Girl let it flow

Let it flow, let it flow, let it flow
I wanna kiss you every night
Let me know, let me know, let me know
When it's time to say good night
It's the fools who rush into love
Let it go
We oughta know
I wanna fall into love

So natural, so beautiful

Let it flow, let it flow

I wanna kiss

You every night
