

# Runaway

Shai

I just wanna go  
Run away with you  
Girl let's go and see  
All the lovely things I wanna show you  
Girl just come with me  
You need someone that'll be there for you  
To give you what you need  
Let me be the one

Loving you is all I ever wanna do girl  
Cause no one else can make me feel that special way inside  
And when you need someone to brighten up your rainy days  
See you don't have to call cause I will be right by your side  
Cause no one else can feel your needs the way I do girl  
I've been watching you for quite a long time now  
And let me take you on a journey through the clouds above  
Tour the heavens, makin love all night  
Just run away

I just wanna go  
Run away with you  
Girl let's go and see  
All the lovely things I wanna show you  
Girl just come with me  
You need someone that'll be there for you  
To give you what you need  
Let me be the one

No wrongs can change my feelings for I've grown to see through  
And show no shame,  
Even walk a mile deliver to you  
You're so incredible  
Your tenderness  
No time for noone else  
Cause you I trust the best  
Give me your hand  
Cause I just wanna run away with you  
Our love won't end  
Cause every day is a holiday  
Give me your hand  
Cause I just wanna run away with you  
Our love won't end  
Cause every day is a holiday

I just wanna go  
Run away with you  
Girl let's go and see  
All the lovely things I wanna show you  
Girl just come with me  
You need someone that'll be there for you  
To give you what you need  
Let me be the one

Take my hand  
I'll show you the way  
Love is at your discretion

I just wanna go  
Run away with you  
Girl let's go and see  
All the lovely things I wanna show you  
Girl just come with me  
You need someone that'll be there for you  
To give you what you need  
Let me be the one
