Shai

Yeah girl  
You feel so good to me

All I wanna do is please ya  
I'll kiss ya from your head to your toes  
I listen to your body yearnin  
I love it when you lose control  
Wanna smell your perfume on me  
I taste your sweet sugar girl all night long  
Wanna see your face girl in ecstasy  
We can do it all night long

Girl get your body ready  
I'm in the mood tonight  
I wanna taste some honey  
I wanna squeeze ya tight  
I wanna see ya sexy  
I wanna turn ya on  
I wanna make you lose it  
I love to hear you moan

Foxy lady light up the incense  
Cause it's about to get intense  
You don't know who you're playing with  
I'll break your body down and I'll play with it  
Pretty lady, I love when your lovin it  
Makes me wanna lose control  
Let me feel just how sexy your love can get  
From the chair to the bed to the floor

Tell me if I'm moving too fast or slow  
Want it on the table top or take it to the floor  
O I wanna sex your body  
Touch you where the sun don't shine  
I wanna try to lose it off  
Flip it to the other side  
Holler if you're tired and you want no more  
Push me if you're feelin if you gotta scream ohh  
Simple as the flowers bloom, speed it up, slow it down  
I'm tryna make it happen sooo  
Close your eyes don't make a sound

Girl get your body ready  
I'm in the mood tonight  
I wanna taste some honey  
I wanna squeeze ya tight  
I wanna see ya sexy  
I wanna turn ya on  
I wanna make you lose it  
I love to hear you moan

Sit back  
Enjoy the ride  
Let me decide  
How you want it  
Suckin you, frickin you,  
Make you lose your mind

All the pain and ecstasy  
Of a love in the world of our own  
I'm gonna get you there, no one else can compare  
Said I want you lady

Girl get your body ready  
I'm in the mood tonight  
I wanna taste some honey  
I wanna squeeze ya tight  
I wanna see ya sexy  
I wanna turn ya on  
I wanna make you lose it  
I love to hear you moan
