Shai

Tonight is the night Of love and sweet romance May I have this dance I could make you feel special (feel so special baby) If you give me half the chance I'll always respect you (always respect) I'll never neglect you baby (I'll never neglect) And I think I'll find you'll trust So prepare yourself (Get your body ready) For a night that can only be described as sensual Tonight is gonna be Sexual Tonight is the night That we make love all night and morning never comes The moon is so right for us to love So right Until one of us falls We have been together For some time and now I feel Let me tell you just how I feel Your resistance To my persistence Intensify your sex appeal (I perspire) I perspire with desire Yes I do Every single time that I think of you and And when I feel your naked skin This right moment Brings out everything within Tonight is gonna be Sexual Tonight is the night That we make love all night and morning never comes The moon is so right for us to love So right Until one of us falls [x2] (Get your body ready) You better get it ready baby Better get your body ready for a good time Because tonight is the night that I make you mine Up against a wall Beside a waterfall I don't care where As long as I can have it all Better get your body ready for a good time Because tonight is the night that I make you mine I do it real good I make it feel good

I'll make a situation
Body pushin'
Love that feels good
[Repeat: til' song ends]
