Tell Me

Shai

Tell me
I was wrong
Didn't know, never had a clue
Just tell me
All along it should've been you

Girl we've been friends for a long time
Never talked about love it was the wrong time
Though we stayed real close never crossed the line
I always said true friends were hard to find
I was done, there's someone else close to me
She's a friend but I think she wants to marry me
But all the time I wonder if I should be
Waiting patiently for you to tell me

Tell me
I was wrong
Didn't know, never had a clue
Just tell me
All along it should've been you

Tell me
I'm way off
Moved too fast didn't think it through
Just tell me
All along it should've been you

Sittin here tryna find self in peace of mind
Flickin flames those burn up my candle light Carefully I thinkin of all we t
ried
Pray to above ask for love But whatever past we have left between our souls
Turn to pain and regret only I know
Been a soldier in battle for me lady
Wish I told you, hope it ain't to late to say.

Tell me
I was wrong
Didn't know, never had a clue
Just tell me
All along it should've been you

Tell me
I'm way off
Moved too fast didn't think it through
Just tell me
All along it should've been you

Tell me that it shouldn't have been
Me and you together
Just go and live the moments when we were oh so happy then
Now you see that I didn't see
That you were the one for me
Tell me it should be, you and me
Won't you tell me

Tell me
Won't you tell me baby

Tell me
All you do to be true
In your heart I long for you

Tell me
To change your mind

Tell me
I was wrong
Didn't know, never had a clue
Just tell me
All along it should've been you

Tell me
I'm way off
Moved too fast didn't think it through
Just tell me
All along it should've been you

Long long long,
All along, it should've been you
All along, it should've been you
