

I chase down the empty street
Is my step the last living beat?
This beat? I feel so deep
Slowly dies into... what da hell did you Do?
Hey mama tell me please
Why is daddy workin'? So much, so hard, so late
Erasing families
Is my kids fate: smokin' grass and wait

[Chorus]

I break it Down this wall on silence
I believe in us so give your kids a chance
What are you gonna Do?
Ah....
I don't give it up in da name of life,
I believe in us so give your kids a chance
What are you gonna Do?
Ah...
(Gonna do, gonna do)

She told me to give respect 'cause I'm too young
To give my point of view
There must be some mistake
'Cause nothing's green and blue, what the hell
Did they Do?
What Don't you confess daddy?
Why Don't you cry into my arms for good
I need you, you need me
Let's be a family and fix the world like we should.

[Chorus]

I break it Down this wall on silence
I believe in us so give your kids a chance
What are you gonna Do?
Ah....
What are you gonna do?
Ah...
Fucker bitch what you gonna do?
So give your kids a chance
What are you gonna Do?
