

M0nkey On The Wall

Shaka Ponk

Hell'avatar, hell'igator, space invader,
Stick your story on the wall
Walky talky, bricks o' funky, don't be humble
Make your monkey on the wall

My street isn't a boring place
Vandalism gave it a face
Funny creatures, a nailed puppet on the wall

Lost in my thoughts in the cafe
I came back to reality
Watching outside, the faces of the wall

Sunny windows, supa heroes
Get natural, paint your story on the wall

Well I'll come back, come back another day
Checking out if the people on walls wanna play
I might get drunk but that's ok
It needs a little kick in reality
To get everybody fake so alive and free

Tricks on the bricks La la la la la

When ya wake up, the jungle freezes
The spell breaks up, but here still is
A funny lizard crawling on the wall
Crawling on the wall
Well I'll come back, come back another day
Checking out if the people on walls wanna play
I might get drunk but that's ok
It needs a little kick in reality
To get everybody fake so alive and free

Hell'avatar, hell'igator, space invader,
Stick your story on the wall
Walky talky, bricks o' funky, don't be humble
Make your monkey on the wall

Make your monkey on the wall
Paint your monkey on the wall
