

You think you know me
My boobs and fragility
You say you love me
But you just a Sissi
My ass is pretty
But you know damn good

I've been thinking about you
You've been thinking about me
I've been thinking about you
Let's fuck in front of the Telly

No one can hurt me
So do not confuse me
Let's get it started
Come and kick it with me

What's going on I've been thinking about you
You've been thinking about me
I've been thinking about you
Let's fuck in front of the Telly

On this lonely road I'm feeling like a mierda with no soul, on
this lonely road
Like a mierda dry and cold, on this lonely road
Oh roaming roaming roaming free
No lonely Romeo like me

You think you know me
My boobs and fragility
You say you love me
But you just a Sissi

No one can hurt me
So do not confuse me
Let's get it started
Come and kick it with me

What's going on I've been thinking about you
You've been thinking about me
I've been thinking about you
Let's fuck in front of the Telly
