

Wanna Get Free

Shaka Ponk

So much trouble on my mind
I don't know where to begin
I got my ears full of shit I got my bruises to spit
Here's my sweet vendetta
I'm a tweet till I'm betta
Type ma deep deep anger
Till there's blood on my finger

Quicka sinna liar
Pull the trigger yu losa
Solo me and my computa
Watch your (Ha) I'm a gamer!!

Free free free from material world
A notorious girl in the jungle
Wanna get free
I am sitting eating Crispy cream in front of my screen
I see da whole world moving
Something's wrong with my genes
Got the geek supapowa
Who's da chick pixel eater
Criticizing my behavior
Let me come up with ma comment - supastrike,
Explosive dis-like in your face
Your profile I erase - lost case lust race
Litta puta selling tits to some pedophile freaks

Free free free from material world
A notorious girl in the jungle
Wanna get free
Jesus is on the line for you
Just tell the family and crew
You liar, you share a car
Darling I'm not the only one

Criticizing my behavior
Let me come up with ma comment - supastrike
Wanna get free [x4]
