

Bad Blood

Shakespears Sister

I went outside just to take the air
Cars and people everywhere
Step inside my twisted mind
And I will take you for a ride.

And it feels so good it messes with my mind
And it feels so good to leave it all behind
Leave it all behind

I went outside just to take the air
Cars and people everywhere
Maybe I just shouldn't care
Maybe it was never there

You can sail the sea of potions and red wine
You can run and hide but you will do the time
'Cause it's all mine, you will do the time

Maybe you should have told me
What it is you want from me
You're twisted and unholy
Talk to me and set yourself free

And it feels so good it messes with my mind
And it feels so good to leave it all behind
Leave it all behind

La la la la la la la

Maybe you should have told me
What it is you want from me
You're twisted and unholy
Talk to me and set yourself free

You want it, you want it, you want it, I know
I got it, I got it, I got it, you know
You're all mine, all mine
You're all mine, all mine

Bad blood
