

You're History

Shakespears Sister

Well
You made your bed
Better lie in it - get back to sleep !

You should see me when you're not around
I'm a genius in this town

I'm a queen bee when the coast is clear

Now I know I don't need you
Dear.
So leave your hand like a magic man and disappear !

You're history
- like a beat up car -
No good for me
- like an old film star -
You're history
- that's what you are - na

Na

Na

Na.

You're history
- you're history -
No good for me
- no good for me -
You're history
- you're history - na

Na

Na

Na

Na.

You should see me from your ivory tower
I'm the hero of the hour

I'm a close friend of destiny when you're not here to bother me.

Well
You made your bed
Better lie in it
Get back to sleep !

You're history
- like ancient Rome -
No good for me
- like the Dead Sea Scrolls -
You're history
- everybody knows - na

Na

Na

Na.

You're history
- you're history -
My enemy

You're history

So get on your bike and take a hike right out of here !
