

# Baby You're A Child

Shakin' Stevens

When my eyes first saw you.  
I knew I drove you wild.  
I know you wanted all of me.  
But it will take awhile.  
You walk that walk  
Talk that talk.  
You walk that walk  
Talk that talk.  
Oooh you're a child.

I know you want to hold me.  
Hold and treat me right.  
I know you want to love me.  
All through the night.  
You walk that walk.  
Talk that talk.  
You walk that walk.  
Talk that talk.  
Oooh you're a child.

Well I know you think you're ready.  
So throw away your teddy.  
Let me come into your arms.  
Prove you've lost your baby charms.

You know you're grown up baby.  
You knew right from the start.  
Oooh baby don't yearn.  
But you've still got my heart.  
You walk that walk.  
Talk that talk.  
You walk that walk.  
Talk that talk.  
Oooh you're a child.

Well I know you think you're ready.  
So throw away your teddy.  
Let me come into your arms.  
Prove you've lost your baby charms.

You know you're grown up baby.  
You knew right from the start.  
Oooh baby don't yearn.  
But you've still got my heart.  
You walk that walk  
Talk that talk.  
You walk that walk.  
Talk that talk.  
Oooh you're a child.  
Oooh you're a child.  
Oooh you're a child.  
Oooh you're a child.
