

# Bad Reputation

Shakin' Stevens

Never could believe what they said about you  
Said that you we're always a good time girl  
But it's alright baby, I know that you're lying  
I know that you've got, I know that you've got

You've got a bad reputation, bad reputation, but that's alright  
You've got a bad reputation, bad reputation, but that's alright  
So just don't you ask me to give you up, that's no way  
You've got a bad reputation, bad reputation, I'm here to stay

Realize when some say your not so pretty  
Now I realize you may fooled around  
But it's alright baby, I won't let you down  
I know that you've got, I know that you've got

You've got a bad reputation, bad reputation, but that's alright  
You've got a bad reputation, bad reputation, but that's alright  
So just don't you ask me to give you up, that's no way  
You've got a bad reputation, bad reputation, I'm here to stay  
Everyday, I'm here to stay  
Never go away

But it's alright baby, I won't let you down.  
I know that you've got, I know that you've got  
You've got a bad reputation, bad reputation, but that's alright  
You've got a bad reputation, bad reputation, but that's alright  
So just don't you ask me to give you up, that's no way  
You've got a bad reputation, bad reputation, I'm here to stay  
Everyday, never go away, I'm here to stay  
Yes, I'm here to stay, Yes I'm here to stay  
Yes yes, I'm here to stay, Yes, I'm here to stay...
