

# Breaking Up My Heart

Shakin' Stevens

Ev'rything you say  
Ev'rything you do,  
Always seems to put me down. (Put me down.)  
Is there something wrong?  
Do I still belong?  
Is it just a run-around? (Run-around?)  
Don't say he's not the reason why.  
Cause when I lie awake  
It's his name I hear you cry.

Thought he'd left your mind  
After all this time  
Stood between your fantasy. (Fantasy.)  
Guess I always knew  
He'd be haunting you.  
Stealing what you had for me. (Had for me.)  
I can't stand here and let it die.  
Ev'ry step you take  
I'll be there right by your side.

Cause it's breaking up my heart  
Feel like dying.  
Breaking up my heart  
Feel like crying.  
Tell him where to go,  
Show the man the door  
Cause ev'rything you do is breaking up my heart.

I won't let you go  
Babe you'll never know  
Can't you get it through your head? (Through your head?)  
I won't set you free  
You belong to me  
What he had for you is dead. (Love is dead.)  
Love burns fire that never cools.  
Don't you know that  
Love burns people who break the rules?

Cause it's breaking up my heart  
Feel like dying.  
Breaking up my heart  
Feel like crying.  
Tell him where to go,  
Show the man the door  
Cause ev'rything you do is breaking up my heart.

I can't stand here and let it die.  
Ev'ry step you take  
I'll be there right by your side.

I won't let you go  
Oh you never know  
Can't you get it through your head? (Through your head?)  
I won't set you free  
You belong to me  
What he had for you is dead. (Love is dead.)  
Love burns fire that never cools.

Don't you know that  
Love burns people who break the rules?

Cause it's breaking up my heart  
Feel like dying.  
Breaking up my heart  
Feel like crying.  
Tell him where to go,  
Show the man the door  
Cause ev'rything you do is breaking up my heart.

Breaking up my heart  
Feel like dying.  
Breaking up my heart  
Feel like crying.  
Tell him where to go,  
Show the man the door  
Cause ev'rything you do

Is breaking, breaking, breaking up my heart.  
Breaking up my heart.  
Tell him where to go,  
Show the man the door  
Cause ev'rything you do

Is breaking, breaking, breaking up my heart.  
Feel like dying.  
Breaking up my heart  
Feel like crying.
