

## Christmas Wish

Shakin' Stevens

Well I made a wish when I met you last Christmas  
When I kissed you underneath that mistletoe  
And when I made that wish last Christmas  
I knew that I could never let you go

Weeeell all year long we've dated and I've saved all my pay  
And all year long I've waited for you to name the day  
Well I'm so in love with you  
Honey when you say baby I do  
Then I will have my Christmas wish come true

Well it seems like only yesterday last Christmas  
When I knew I'd found the only girl for me  
Cos I fell in love with you last Christmas  
And I just knew that it was meant to be

Weeeell all year long we've dated and I've saved all my pay  
And all year long I've waited for you to name the day  
Well I'm so in love with you  
Honey when you say baby I do  
Then I will have my Christmas wish come true, oh yeah!

There's only one thing that I want for Christmas  
No presents underneath the Christmas tree  
Because all I want is you this Christmas  
Oooh baby please say that all you want is me

Weeeell all year long we've dated and I've saved all my pay  
And all year long I've waited for you to name the day  
Well I'm so in love with you  
Honey when you say baby I do  
Then I will have my Christmas wish come true

Oh say you'll make my Christmas wish come true  
Please baby make my Christmas wish come true
