

Hot Dog

Shakin' Stevens

My baby works in a hot dog stand.
Making them hot dogs as fast as she can.
Up steps a cat now don't be slow.
Get me two hot dogs ready to go.

Hot dog, she's my baby, hot dog, drives me crazy.
Hot dog, don't mean maybe.
You ought to see my baby in a hot dog stand.

In the cool of the evening when the sun goes down,
All the cats and the chicks all gather round.
They order hot dogs and red soda pop.
Then they head downtown to a hep cat hop.

Hot dog, she's my baby, hot dog, drives me crazy.
Hot dog, don't mean maybe.
You ought to see my baby in a hot dog stand.

I'm waiting for my baby every night at twelve.
She closes up the top and then we lose ourselves.
At a hep cat hop any crazy way.
We're doing the bop till the break of day.

Hot dog, she's my baby, hot dog, drives me crazy.
Hot dog, don't mean maybe.
You ought to see my baby in a hot dog stand.

Hot dog, she's my baby, hot dog, drives me crazy.
Hot dog, don't mean maybe.
You ought to see my baby in a hot dog stand.

Hot dog, hot dog, hot dog, hot dog, hot dog.
Hot dog, hot dog, hot dog, hot dog, hot dog.
Hot dog, hot dog, hot dog, hot dog.
