

I'll Give You My Heart

Shakin' Stevens

Pretty little face and your eyes are blue
I'm not foolin' around with you
I'll give you my heart but don't tear it apart
Oh no, oh no I'll give you my heart

Oh what a thrill yea it would be
To be with you for eternity
I'll give you my heart but don't tear it apart
Oh no, oh no I'll give you my heart

If you ever go then I will know
Don't make me feel this way
I got a heart, if you've gotta heart
C'mon and say you'll stay

You got it all you got what it takes
Don't let another take my place
I'll give you my heart but don't tear it apart
Oh no, oh no I'll give you my heart, ahhh

If you ever go then I will know
Don't make me feel this way
I got a heart, if you've got a heart
C'mon and say you'll stay

If I had a wish or dream come true
Together, forever in love with you
I'll give you my heart but don't tear it apart
Oh no, oh no I'll give you my heart

You have it all you got what it takes
Don't let another take my place
I'll give you my heart but don't tear it apart
Oh no, oh no I'll give you my heart

I'll give you my heart
Oh please me baby
Take it on home baby
Take it on home baby
Take it on home baby
Take it all home now baby
