

Little Pigeon

Shakin' Stevens

Come on little pigeon
I'm your midnight friend
You got me jetted up and sizzling
Come flip my lid, let's fly the coop
Come on little pigeon, let's shoot the loop

Come on little pigeon gimme love love love
We'll be come so like a couple of doves
Come on little pigeon fly away with me
Come on little pigeon fly away with me

I'm all locked up from the jukebox beat
I love the way you scuffle your pretty little feet
Let's take off now
Let's fly the coop
Let's go to the school for the loop

Come on little pigeon, gimme love, love, love
We'll be come so like a couple of doves
Come on little pigeon fly away with me
Come on little pigeon fly away with me

Come on little pigeon, gimme love, love, love
We'll be come so like a couple of doves
Come on little pigeon fly away with me
Come on little pigeon fly away with me

I'm on a spin
Ooo, I'm outta control
I'm all jetted up and I'm ready to go
I've got 'em guessing, let's fly that coop
Let's go little pigeon
Let's go to the school for the loop

Come on little pigeon, gimme love, love, love
We'll be come so like a couple of doves
Come on little pigeon fly away with me
Come on little pigeon fly away with me

fly away with me
fly away with me
fly away with me
fly away with me
fly away with me
fly away with me
fly away with me
