

Love Attack

Shakin' Stevens

Flame is burning feels so right.
I'm gonna give you love tonight.
You know I need your love so much.
Make me shiver when we touch.

I feel love for you.
Close your eyes you'll feel it too.
Don't go hold you back.
I'm getting ready for a love attack.

Close the door turn out the light.
I'm burning just like dynamite.
It's time to give your love to me.
Like my passion with your key.

So much love inside.
No way I can stand the tide.
Don't go holding back.
You know I'm ready for a love attack.

I'm turned on and all I want is you.
Don't turn me down.
I don't know what I'll do.

I'm so full of love inside.
You really make me come alive.
It's time to let your feelings show.
Hold me close don't let me go.

I feel love for you.
Close your eyes you'll feel it too.
Don't go hold you back.
I'm getting ready for a love attack.

So much love inside.
No way I can stand the tide.
Don't go holding back.
You know I'm ready for a love attack.

I feel love for you.
Close your eyes you'll feel it too.
Don't go hold you back.
I'm getting ready for a love attack.
You know I'm ready for a love attack.
You know I'm ready for a love attack.
I'm getting ready for a love attack.
