

Make It Right Tonight

Shakin' Stevens

Well!

I'm standing here baby, and you're looking to me
You look me up and down, and you like what you see
You wanna touch, you wanna fuzz
Well I know pretty baby that ain't enough

You want it all from me
Baby can't you see
You need all night, to satisfy me
So hold me tight
Make it right tonight

Well come over baby, and I'll give it a try
You're looking pretty good, maybe I'll get you high
You wanna ball, you want it all
If I'm magic doll, you'll be beggin' for more

You want it all from me
Baby can't you see
You need all night, to satisfy me
So hold me tight
Make it right tonight

Allright, Woah
I'll strike
Woah

Weeel the temperature is rising and the room is hot
You wanna give all, of what you got
I gotta go
I maybe be back
Well maybe baby one day baby, we'll be on the right
track

You want it all from me
Baby can't you see
You need all night to satisfy me
So hold me tight
Make it right tonight

Roll babe

You want it all from me
Baby can't you see
You need all night to satisfy me
So hold me tight
Make it right tonight

Mmmmm
So hold me tight
Make it right tonight

Ooooh
C'mon and hold me tight
Make it right tonight (4x)
