

Make Me Know You're Mine

Shakin' Stevens

Make me, make me, make me know you're mine
My true love, oh, tell me and be kind
Make me feel tears that you can't ignore
Each kiss is sweeter than the one before
Oh baby, take me and make me know you're mine

Hurt me till these teardrops burn my eyes
As long as I'm the treasure that you find
Make me holler, I'll come back for more
Each kiss is sweeter than the one before
Oh baby, take me and make me know you're mine

Oh baby, Take me and make me know you're mine

Hurt me till these teardrops burn my eyes
As long as I'm the treasure and you're mine
Make me holler, I'll come back for more
Each kiss is, sweeter than the one before
Oh baby, take me and make me know you're mine
Oh baby, take me and make me know you're mine
Oh baby, take me and make me know you're mine.
