

Move

Shakin' Stevens

We're gonna move on out
To a hot spot on the hill.
Gonna keep on rockin'.
Till my baby gets her thrill.
I wanna prove that I can move.

Well I'm itchin' all over.
Just to get out on that floor.
When I move a little closer.
Mm you'll yell for more.
I wanna prove that I can move.

Oh let it roll.

Well my heart beats faster.
When I get my girl in sight.
She gets all lit up.
And shines out in the night.
That's where you prove that you can move.

Well there's people all over.
Who came here just to rock.
They gonna keep on movin'.
Till they rock around the clock.
They wanna prove that they can move.

Oh move it now move it.

Well I met a pretty girl.
Who fits me to a T.
We got 'em all rocked out and.
Mm it's plain to see.
We re sure to prove that we can move.

Well letoo groove let's groove.
Ooh let's move well let's move.
We're sure to prove that we can move.
