

Tell Me

Shakin' Stevens

Tell me just how you feel, now.
Tell me is this love real?
Well I know I love you.
Now do you love me too?
Won't you tell me I wanna know.

Can't stop thinking of you now.
My heart has always been true.
I just hope you want me.
The way that I want you
Well do you? I wanna know.

Well I get this feeling deep inside.
That you're only tagging along.
And one day soon you'll be gone.
And I'll know I'll feel stung.

So tell me just how feel now.
Tell me is this love real?
Well I know I love you.
Now do you love me too?
Won't you tell me?
I wanna know.

(Tell me tell me).
Now do you love me too?
Well tell me I wanna know.

Well I get this feeling deep inside.
That you're only tagging along.
And one day soon you'll be gone.
And I'll know I'll feel stung.

But I can't stop thinking of you.
Now my heart has always been true.
I just hope you want me.
The way that I want you.
Well do you? I wanna know

Tell me just how you feel now.
Tell me is this love real?
Well I know I love you.
Now do you love me too?
Won't you tell me? I wanna now.

Tell me just how you feel Now.
Tell me just how you feel Now.
Tell me is my love real? Now.
Tell me just how you feel Now.
Tell me just how you feel Now.
Tell me is this love real?
Tell me...
