

# Woman (What Have You Done To Me)

Shakin' Stevens

I called your name.  
Words just fade away.  
Without a trace.  
I longed to see.  
That special kind of smile.  
Upon your face.  
Oh woman.  
Look what youve done to me.  
Ooh woman.  
Look what youve done to me.

Where did you go.  
When you disappeared.  
In to the night.  
Will he return.  
Take away this pain I feel inside.  
Oh woman.  
Look what you've done to me.  
Ooh woman.  
Look what you've done to me.

Oh woman.  
Look what you've done to me.  
Ooh woman.  
Look what you've done to me.

The sky is cold.  
Summer nights they fail.  
To keep me warm.  
Days are slow.  
Hands of time they seem.  
To take so long.

Oh woman.  
Look what you've done to me.  
Ooh woman.  
Look what you've done to me.  
Oh ooh woman.  
Look what you've done to me.  
Ooh woman.  
Look what you've done to me.  
Ooh woman woman woman...
