

You Shake Me Up

Shakin' Stevens

You shake me up
You shake me down
You make me shiver n' Quake & Quiver when you're around
You shake me up
Each time you do, what you do
Baby, I'm shakin' like a leaf because of you
You make me sway
My body swerves
My Kneecaps tremble, I can't assemble my shattered limbs
You shake me up
Each time you do, what you do
Baby, I'm shakin' like a leaf because of you

Since you gave your love to me
My body won't keep still
Shakin' like a Jelly in a bowl
Girl what have you done to me
I know that I'm not ill
But every time you're near I lose control
Ha! Rock & Roll
Ooh my soul
I'm crackin' up
Can't handle this
My limbs are twitching my lips are itchin' to steal a kiss
You shake me up
Each time you do, we'll you do
Baby, I'm shakin' like a leaf because of you
Woohh!

Since you gave your love to me
My body won't keep still
Shakin' like a Jelly in a bowl
Girl what have you done to me
I know that I'm not ill
But every time you're near I lose control
Ha! Rock & Roll
Ooh my soul
I'm crackin' up
Can't handle this
My limbs are twitching my lips are itchin' to steal a kiss
You shake me up
Each time you do, what you do
Baby, I'm shakin' like a leaf because of you
Mmmm
Baby, I'm shakin' like a leaf because of you
Baby, I'm shakin' like a leaf because of you
