

Save You From Yourself

Shakra

It's hard to lose it's got confusing
You'll see it one day you're way out of timing
Is so forgiving and it's not ok
Afraid to fighting instead of dying
Can't you see you're going down
Another hero my amigo i'll know you in hell
We'll be burning 'cause you are not learning
I wanted to save you from yourself

Givin' impressions of your obsseion will make you pay
Keep on knowing when I owing you got to say
Afraid to fighting instead of dying
Can't you see you're going down

Another hero my amigo i'll know you in hell
We'll be burning 'cause you are not learning
I wanted to save you from yourself

Another hero my amigo i'll know you in hell
We'll be burning 'cause you are not learning
I wanted to save you from yourself
From yourself from yourself

Another hero my amigo i'll know you in hell
We'll be burning 'cause you are not learning
I wanted to save you from yourself
From yourself from yourself

Another hero my amigo i'll know you in hell
We'll be burning 'cause you are not learning
I wanted to save you from yourself
From yourself from yourself.
