

Stronger Than Ever

Shakra

People telling me
How I have to be
All I do seems wrong
This just can't go on

What about believing?
Look into my eyes

Can't you see it? (I'm stronger)
Can't you feel it? (than ever)

Yes I really know where I will go
What I wanna do with my life and I know
That I am okay, I'll go my way
So don't try to stop me no more

I am not the one
That I used to be
All my fears are gone
Finally I'm free

I don't need no hiding
This is who I am

Can't you see it? (I'm stronger)
Can't you feel it? (than ever)

Yes I really know where I will go
What I wanna do with my life and I know
That I am okay, I'll go my way
So don't try to stop me no more
