

Take Me Now

Shakra

I'm driving lonely, I'll soon be there
Another night, still no one wants to share
I wanna feel you oh right now
And you wanna say "I will never let you go!"

I wanna feel you woman, yeah I really do now
Let me feel you woman, gonna get it on!

Take me now, feel my hardness in you
That's the way our love has to be
Take me now, feel my hardness babe, take me now, feel my hardne
ss, babe
Take me now, feel my hardness in you, oh yeah!

You just ignor me, i don't give up
I'm behind you back and i will never stop
I'm gonna get ya! oh, be sure!
Soon, you'll see you can't get enough of me!

I wanna feel you woman, yeah I really do now
Let me feel you woman, gonna get it on!

Take me now, feel my hardness in you
That's the way our love has to be
Take me now, feel my hardness babe, take me now, feel my hardne
ss, babe
Take me now, feel my hardness in you, yeah! yeah! yeah!

Take me now, feel my hardness in you
That's the way our love has to be
Take me now, feel my hardness babe, take me now, feel my hardne
ss, babe
Take me now, feel my hardness in you

Take me now, feel my hardness in you
That's the way our love has to be
Take me now, feel my hardness babe, take me now, feel my hardne
ss, babe
Take me now, feel my hardness in you
Take me now
