

## Take Me Now

Shakra

I'm driving lonely, I'll soon be there  
Another night, still no one wants to share  
I wanna feel you oh right now  
And you wanna say "I will never let you go!"

I wanna feel you woman, yeah I really do now  
Let me feel you woman, gonna get it on!

Take me now, feel my hardness in you  
That's the way our love has to be  
Take me now, feel my hardness babe, take me now, feel my hardne  
ss, babe  
Take me now, feel my hardness in you, oh yeah!

You just ignor me, i don't give up  
I'm behind you back and i will never stop  
I'm gonna get ya! oh, be sure!  
Soon, you'll see you can't get enough of me!

I wanna feel you woman, yeah I really do now  
Let me feel you woman, gonna get it on!

Take me now, feel my hardness in you  
That's the way our love has to be  
Take me now, feel my hardness babe, take me now, feel my hardne  
ss, babe  
Take me now, feel my hardness in you, yeah! yeah! yeah!

Take me now, feel my hardness in you  
That's the way our love has to be  
Take me now, feel my hardness babe, take me now, feel my hardne  
ss, babe  
Take me now, feel my hardness in you

Take me now, feel my hardness in you  
That's the way our love has to be  
Take me now, feel my hardness babe, take me now, feel my hardne  
ss, babe  
Take me now, feel my hardness in you  
Take me now
