

## Walk On Water

Shakra

I'm searching my whole lifetime  
I'm hunting for myself  
But everyone just says that I won't last  
In daylight Dr. Jeckyl  
At night I'm Mr. Hide  
I don't know which one of them could be right

I gave up changing my mind 'cause I faced the truth  
I just can't be how they want - I go round the bend

I could battle the storm  
Since the day I was born  
Even try to walk on water  
Even so, the goo shit's gone  
I can't flee my own mind  
Leave my soorows behind  
I could try to walk on water  
But everything I seek is just in vain

You tell me that I'm mindless  
You say I break the rules  
But who are you to stop me in my muse  
I've got my own commitments  
I've know the consequence  
And I cannot turn back the hands of time

I gave up changing my mind 'cause I faced the truth  
I just can't be how they want - I go round the bend

I could battle the storm  
Since the day I was born  
Even try to walk on water  
Even so, the goo shit's gone  
I can't flee my own mind  
Leave my soorows behind  
I could try to walk on water  
But everything I seek is just in vain
