

As soon as we are born
We're told what to say and do
But only a friend can know the you that's you

So think before you do what they say
It's your life so go your own way
Questions and answers, honesty, lies
Yes, no, you can't, but you can if you just try

Arguments your statement
Just say look I'm alive
Just doing what you think is right
Will help you to survive

So think before you do what they say
It's your life so go your own way
Questions and answers, honesty, lies
Yes, no, you can't, but you can if you just try

There is no one that should tell you
What you can and cannot be
The world was made for all of us
For you and yes for me

So think before you do what they say
It's your life so go your own way
Questions and answers, honesty, lies
Yes, no, you can't, but you can if you just try
