

## Tell The Children

Sham 69

Junior gangsters  
Playground jesters  
In the heat of the night  
Make up Monroes  
Caged in heroes  
In the heat of the night  
In the cold daylight

We gotta tell the children  
We gotta let them know  
If we don't tell the children  
There'll be no tomorrow

Classroom cabbages  
Socialised savages  
In the heat of the night  
Government numbers  
Bow Street Runners  
In the heat of the night  
In the cold daylight

Backstabbing angels  
Criminal disciples  
In the heat of the night  
You're all as good as gold  
Then they'd all better be told  
In the heat of the night  
In the cold daylight
