

Turn It Up

Shaman's Harvest

Turn your radio up!
Everybody around
Yeah we'll tap you right into that bang your head sound!

Break it off, no need for aggravation
(She just needs a trailer!!!)

Wake up, little girl I need you now
I'm lookin for a one on one on one relationship Yeah!

She's so fine, she don't mind at all
Just what are you waitin for?
I know I've got your love on call~

Turn your Radio Up!
Everybody around
Yeah we'll tap you right into that bang your head sound!
Break it off, no need for aggravation

And then we'll turn it up
cause we'll let me go
and the feeling won't stop long after show
Don't Hold Back!
let's see what you'll bring
And I'm so damn longin for everybody singin!

The way she moves it turns me on
I just just need 5 more minutes til we close the door and start the show!

When the lights down I'm ready to go!

Turn your Radio Up!
