

# In the Dark

Shaman

Deep down my mind  
Here in the dark  
Is not a first time that i fight my heart

Akin to joy  
Turning into defeat  
I try to breath even knowing I can't

My faith, your face  
All seems to fade...

Crying out tomorrow  
Living scenes  
In the dark  
Missing you!

Once back to life  
Dealing with the pain  
Daylight have sometimes a thick cold blood taste

Shadows of this ghost  
That used to be my life  
Hunted my old me leave with no more pride

Your smile, my grief  
All seems to collide...

Crying out tomorrow  
Living scenes  
In the dark  
Missing you!  
How can someone fall so hard from sorrow?

Living scenes  
In the dark  
Wishing you!

Oh...  
I won't let us go...  
You can't count with me  
'cos i'll be there  
Showing you  
That we still can be!

Living scenes  
In the dark  
Wishing you!  
How can someone fall so hard from sorrow?  
Living scenes  
In the dark  
Wishing you!
