

## Baleful Whisper

Shamrain

A hazy  
Mist surrounds me  
There's no faith  
In my world  
Wind blew away  
The flame that burnt inside  
My heart  
A baleful whisper  
Tore us apart  
A baleful whisper

A cloudy  
Mood sways me  
There's no light  
In my world  
Since my bird  
Flew away  
Left me to drown  
In dark shades  
Forever bound to stay
