

# Just The Way You Love Me

Shane Filan

It's funny how people search, search for something  
I try to find a words to say, when they got nothing  
But I can see it all the time, it's written on your face  
The stars don't have to align, things just always fall into place

It's not the way you look when you get dress up for a party  
It's not the way you whisper when you tell me that you're sorry  
It's not because your perfume, I always see your face  
And it's not the way you took that extra sugar from my coffee  
It's just the way you love me  
It's just the way you love me

And I don't need to shout about it, it's a little things you do  
It's like every single day, I fall in love with you  
And I love the way you smile, it looks perfect on your face  
Like the stars up there in the sky, we just always fall into place

It's not the way you look when you get dress up for a party  
It's not the way you whisper when you tell me that you're sorry  
It's not because your perfume, I always see your face  
And it's not the way you took that extra sugar from my coffee  
It's just the way you love me  
Yeah it's just the way you love me

I said it's not your kiss, your touch, the way you laugh it's not your hair,  
I don't care, it don't matter 'coz it's not your kiss, your touch,  
it's not the way you look at me

It's not the way you look when you get dress up for a party  
It's not the way you whisper when you tell me that you're sorry  
It's not because your perfume, I always see your face  
And it's not the way you took that extra sugar from my coffee  
It's just the way that you love me oh oh  
It's just the way that you love me oh oh oh  
It's just the way you love me  
It's just the way you love me  
Yeah it's just the way you love me
